Fire Saucer Information Sheet

These portable fire pits can be used in many situations where it just wouldn't be possible to sit round an open fire otherwise. And you can put your feet under them!

Festivals and Campsites will often allow the use of a Fire Saucer rather than a campfire. Ideal in the garden or yard where space is tight.

With removable legs and stainless steel fittings for easy assembly and packing. Self colour steel, with drain holes to avoid it filling up in the rain.

Large 28" £50

Small 22" £45
