Flue Components Information Sheet

Vitreous Enamel Flue pipe

We have sourced a lighter, stronger and cheaper flue, available in 100mm and 130mm diameters.

This comes in 1m and 500mm lengths.

The flue sections fit together exceptionally well, and do not necessarily need any seal between them.

The joined lengths are extremely rigid, and can be used over several feet without brackets.

1m length £35

500mm length £20

Adjustable length (550-860mm) £55

45 degree bend £30

Witches' Hat (Cowl) £35

These are made exclusively for the Windy Smithy, and clamp securely onto a 100mm or 130mm vitreous flue.

Wont fly off while you are driving along!

Brackets for vitreous flue

For a more secure fixing where necessary.

Adjustable 50-250mm from wall £15

(100mm or 130mm)

Guy Bracket £15

No extra charge for delivery if flue and accessories ordered with a Woodburner.

Normally a delivery charge of between £15 & £25 will apply.

More Flues available on request.

Flue Components Information Sheet

Twinwall Insulated Flue pipe

Recommended in situations where the flue temperature is a concern, these are available in 100mm and 130mm sizes. You will need an adapter from single wall flue, and a cowl (hat) on top. Usually start with a section of single wall flue, and start the insulated flue at least 200mm from the ceiling.

Flue Adapter £40

Twinwall flue section
950mm £110
500mm £ 75

Hat (Cowl) £50

No extra charge for delivery if flue and accessories ordered with a Woodburner.

Normally a delivery charge of between £15 & £25 will apply.

More Flues available on request.
