Louis Ranger Information Sheet

The Louis Ranger is based on the popular Louis stove, with an integral oven to one side.

This model has been tried and tested in many diverse spaces, and is recommended for Yurts 14'-16', Caravans 13'-18', Shepherds' Huts 10'-14', Sheds, Summer Houses, large Vans, small Trucks, Boats and more besides.

The smoke from the firebox circulates around the oven, which can be used for baking, roasting and casseroles.

The Louis ranger has a maximum output of around 4KW, and there is the option of a 6000btu boiler for heating a small water tank or radiator.
